

Nullify the UN, WHO, & WEF in New Hampshire With HB 584

Legislation has been introduced in the New Hampshire General Court to nullify the United Nations (UN), World Health Organization (WHO), and World Economic Forum (WEF). ***It is imperative that legislators enact this bill and protect our God-given freedoms!***

House Bill 584 ([HB 584](#)) is [sponsored](#) by Representatives Michael Granger (R-Strafford), Shane Sirois (R-Hillsborough), Matt Sabourin dit Choinière (R-Rockingham), and Kristin Noble (R-Hillsborough).

If enacted, HB 584 would prevent any policies or mandates from the UN, WHO, or WEF from being enforced in New Hampshire. The bill declares:

World Health Organization, United Nations, and World Economic Forum; Jurisdiction. The World Health Organization, the United Nations, and the World Economic Forum shall have no jurisdiction or power within the state of New Hampshire. No rule, regulation, fee, tax, policy, or mandate of any kind of the World Health Organization, United Nations, and the World Economic Forum shall be enforced or implemented by the state of New Hampshire and its political subdivisions, including, but not limited to, counties, cities, towns, precincts, water districts, school districts, school administrative units, or quasi-public entities.

Furthermore, the bill would remove the requirement that doctors who graduated from foreign medical schools have attended a school recognized by the WHO. Additionally, it would create a cause of action for violating the bill's provisions.

The policies emanating from the UN, WHO, and WEF are antithetical to the American form of government. For example, the UN's [Agenda 21/2030](#) plan seeks [total control](#) and regimentation of the entire planet, and

prominent examples of its implementation include the [global war on farmers](#), [carbon-capture pipelines](#), and the [transition toward “green” energy](#). The global body’s upcoming “[Summit of the Future](#)” will also advocate [more power for the UN](#).

Furthermore, the WHO is [planning a major power grab](#) to allow it to impose draconian restrictions, such as vaccine passports and other “health” measures, at a global level. This comes in the form of a proposed global “[pandemic treaty](#)” and in possible [amendments](#) to the International Health Regulations (IHR). In addition to advancing medical tyranny, these changes would empower international bureaucracy [at the expense](#) of American sovereignty.

HB 584 is [firmly grounded](#) in the text of the U.S. Constitution. Specifically, [Article VI](#) binds state legislators — along with members of Congress and judges — to their oath to support the U.S. Constitution.

Article VI also states, “This Constitution, and the Laws of the United States *which shall be made in Pursuance thereof* ... shall be the supreme Law of the Land.” (Emphasis added.) State legislators are required to uphold and implement only those laws that are “made in Pursuance” to the Constitution. Any laws not “made in Pursuance thereof” are therefore *not* the supreme Law of the Land and, as such, state legislators are under no obligation to enforce or carry out their provisions. Instead, [they should interpose, or nullify](#), such laws within the boundaries of their state.

This stipulation applies to the treaty-making power. Treaties (including U.S. membership in the UN and WHO) [must also be subject to](#), and bound by, the limitations of the Constitution.

In a [letter](#) dated September 7, 1803, then-President Thomas Jefferson wrote, “I say the same as to the opinion of those who consider the grant of the treaty making power as boundless. If it is, then we have no Constitution.” This was further affirmed by the Supreme Court of the United States, in [Reid v. Covert](#) (1957).

Urge your state legislators to support HB 584 and to push back against all other unconstitutional laws at every level of government.
