Last week's gasoline shortage on the Southeast part of the country, due to a ransomware attack, was just a taste of what you can expect across the entire nation if radicals in Congress and the Biden administration get their way.

From the Green New Deal to Agenda 2030 to the Great Reset, a radical environmental movement threatens the very lifestyle you choose to lead. We'll explore this in today's episode of Analysis Behind the News, where we provide the perspective and the plan to help restore American liberty and independence.
