Podcast: Play in new window | [Download](#)

Dr. Lee Merritt, a former military doctor who studied biological warfare, discusses the scary and steep rise in health issues, and even death, which she attributes to COVID-19 vaccines. In her interview with Paul, Dr. Merritt also explains why she suspects that the vaccine, and the upcoming deadline to mandate vaccination in the military, may indicate a sinister plan in play. Listeners will also learn what actions they can take to help defeat the COVID tyranny and even the disease.
