There are two paths ahead. The first one is to continue down the monetary road we're on, surely leading to complete collapse. The other path avoids disaster but will require a painful and unpleasant withdrawal period. In this clip taken from the *Freedom Is the Cure* episode "Inflation & Our Immoral Money System Require a Bitter Pill," Steve Bonta explains why disaster is inevitable on our current path and what it will take to achieve a monetary restoration. Bonta is the senior executive editor of *The New American* magazine.
