Top 10 Reasons Why the U.S. Should Get Out of the UN pamphlet

GLOBALISM

TOP TEN REASONS WHY THE U.S. SHOULD GET OUT OF THE UN:

by John R. McManus

Are You Aware?

Many of our nation's leaders have been working for decades to deliver the United States to the United Nations as the major step in building a UN-controlled New World Order. Each year since the founding of the UN in 1945, the conspirators for global control have taken steps that threaten to destroy the independence of our nation and the freedoms of the American people. Please read what follows and join in the campaign to *Get US Out!* of the United Nations.

01 Incompatibility of the U.S. and UN Systems of Government

U.S. System: Basic rights are given by God and cannot be overruled. Freedom prevails. (See U.S. Declaration of Independence, 1776.)

UN System: Basic rights are granted by UN government and can be cancelled "by law." No recognition of God. The world body lists rights it recognizes and then claims power to abolish them "by law." (See the UN's *Universal Declaration of Human Rights*, 1948 and the UN's *International Covenant On Civil and Political Rights*, 1966.)

02 UN Seeks to Disarm American Citizens and Cancel the 2nd Amendment of the U.S. Constitution

*The UN has always sought to ban private ownership of weapons. For instance, the world body published *Our Global Neighborhood* in 1995 calling for "the disarming of civilians."*

The UN Arms Trade Treaty (adopted by the UN in 2013) would ultimately disarm Americans. It was signed by the U.S. in 2013, but has not been ratified by the U.S. Senate.

03 The UN Is a Lawless Body; It Violates Article 2 of Its Own Charter

Article 2 of the UN Charter states: "Nothing contained in the present Charter shall authorize the United Nations to intervene in matters which are essentially within the domestic jurisdiction of any state [nation]...."

Examples of UN violation of its own Charter include: (a) forcing U.S. citizens to cancel plans to mine gold in Montana; (b) targeting U.S. law that permits capital punishment; (c) condemning U.S. Border Patrol for efforts to bar entry for illegal immigrants; and (d) urging independence of Puerto Rico

IMMIGRATION

THE BIDEN-UN IMMIGRATION INVASION SCHEME

The unprecedented flood of illegal immigrants into the United States is not happenstance. The Biden administration and United Nations have engineered the deluge.

The new invasion: The influx into the United States of Haitians, already a significant part of the invasion on the U.S. southern border, is expected to escalate dramatically as the civil war and gang violence in Haiti continue to worsen.

by William F. Jasper

The invasion is not stopping; it is accelerating. Our borders are being overrun, and it is no accident. We are witnessing a methodically planned and orchestrated scheme by the Biden administration and the UN International Organization for Migration (IOM). It is a continuation of President Obama's migration plans for "fundamentally transforming the United States of America," and Biden and the UN have no intention of letting up. They have already brought millions of migrants into the country illegally, and plan to bring in millions more. In fact, they are now in the process of greenlighting

the admission of a continuing tsunami of migrants from virtually every country on earth. Haiti is the latest hellhole country set to contribute a new migrant horde.

Propaganda regarding their immigration agenda notwithstanding, Team Biden/UN have no compassion for the migrants. Rather, they are callously endangering migrants' lives by encouraging them to undertake long, perilous journeys through treacherous mountain and jungle terrain and territories controlled by bandits and drug cartels, where many will be raped, murdered, or robbed, and their children taken for slave labor and sex trafficking. They are using migrants as a political tool to destroy America so that we can be absorbed into their planned New World Order. The Biden State Department and the UN's IOM, manned

by Obama retreads, are ramrodding this treachery, but you and I, the American taxpayers, are footing the bill — in more ways than one.

Here are some pertinent facts, before we dive into the heart of this fast-developing story:

- The IOM, more than a dozen UN agencies, and hundreds of NGOs are operating throughout Mexico and Latin America to aid and abet the migration tidal wave.
- The UN/NGO network provides food, shelter, transportation, maps, logistics, phones, debit cards, and cash to the illegal migrants.
- The UN's 2024 Regional Refugee and Migrant Response Plan calls for handing out \$1.59 billion in 17 Latin American countries to facilitate migration.
- The UN says migration must be worked into each of the UN's Agenda 2030 Sustainable Development Goals (SDGs).

• Thousands of Chinese, Russian, Syrian, Iranian, and Iraqi males of military age have joined the migrant caravans in Mexico and are crossing into the United States.

• Tens of thousands of unvetted illegal migrants have been flown into the interior of the United States and released (see article on page 21).

• According to Health and Human Services whistleblower Tara Lee Rodas, federal authorities cannot account for 85,000 unaccompanied children they released to alleged "sponsors."

• On his first day in office, Joe Biden began signing executive orders to undo President Trump's border and immigration policies.

• While refusing to enforce our borders, Biden is spending \$2.5 billion in taxpayer funds for Immigration and Customs En-
