## RC Williams & Julianna Ormond

RC Williams and Julianna Ormond are the husband-and-wife co-founders of Watchmen Action, a nonprofit working to equip the Church to courageously engage the culture. Drawing from their success with their behavioral-marketing firm Sherloc, they launched the online newsletters *Ripped From the Headlines* and *We Are the Watchmen Weekly*, which connect current events with biblical truth.

Their civic involvement includes helping make gold and silver legal tender in Florida and co-founding one of the nation's largest chapters of the Florida Republican Assembly. They co-host "The Culture Crossroads" on BEK TV and co-authored the book *Empowered 2 ACT: Maintaining the Pillars of Patriotism*.
