JBS Exposes QAnon

The June 8, 2020 issue of *The New American* magazine published the article "[Questioning QAnon](#)," exposing Q as false and a neutralizer of patriotic Americans. Since then, [TNA](#) and [The John Birch Society](#) both produced videos calling out QAnon as a pysop, deliberate disinformation, and a tangent. At the time, this was an unpopular position for JBS and TNA to take, but once again, we have been solidly proven correct.
