Become of sponsor of the digitally remastered Overview of America: <https://www.jbs.org/overview-remake>

Government did not make America great. America is great because of what government was prevented from doing!

That's the conclusion that more than 10 million Americans have heard from this video.

This straightforward video describes the difference between various economic principles and all the systems of government. It shows a big-picture vision of why we enjoy so much personal freedom and prosperity in America.

The video's message is timeless, so to reach the next generation of patriots and help them to understand the principles of our cherished American Republic, we need to update the visuals and the footage.

We are in the midst of digitally remastering the video and must have it completed before our 60th Anniversary in October. Updating this video takes many thousands of dollars, so if you'd like to help support this effort to reach many more millions, please do so by becoming a sponsor.

With a minimum donation of \$250, you will be acknowledged in the credits at the end of the video. You can also give anonymously (any amount).

Just complete the information in the link below, and thank you in advance for your generosity and support!
