JBS CEO Art Thompson's weekly news video update for Dec. 15-21, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how the proposed "free trade" agreements known as the Trans-Pacific Partnership (TPP) and Transatlantic Trade and Investment Partnership (TTIP) are not really about free trade, but actually they're about economic and political integration; how these partnerships are really about the abrogation of the United States, the Constitution, and our independence; how he witnessed a controversial display in favor of regime change in Iran in one of the House of Representatives office buildings in Washington, D.C.; how the State Department has announced the arrival of new Syrian refugees who will be settled in Illinois, California, and Texas; and how the post-ObamaCare strategy of the GOP is to replace, not repeal, ObamaCare.
