

## GLOBALIST WARS & OCCULTISM UNMASKED

### Trump Forced into Quagmire War & the Occult Roots of the Conspiracy

In this episode of *Birchin' the USA*, TNA Publisher Steve Bonta joins host Christian Gomez to discuss President Trump's recent interview on NBC's *Meet The Press* in Chippewa Falls, Wisconsin, where the President claimed that he did not guarantee no new wars. We examine the forces pushing for war and whether Trump has been beguiled into another globalist-desired Middle East quagmire. We also take a deep dive into the little-known but immensely influential Cult of Mithras in the Roman Empire and its modern manifestations relative to the current anti-Christian Conspiracy for global control.
