JBS CEO Art Thompson's weekly news video update for March 4 - 10, 2013.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses: the US-EU free trade talks and how free trade isn't trade and it isn't free — it is new international rules, regulations, and control; how under a US-EU free trade deal, Congress would be giving up its Constitutional mandate to regulate commerce; how the Cold War isn't dead as Russia and China continue to supply surrogate states that supply terrorists; and how the problems are not with our border, they are with the policies of our government that encourage people to come here for free benefits.
