

Biden's NWO Agenda

Joe Biden has been an advocate of the New World Order for decades. He wrote an article in The Wall Street Journal in 1992 titled "How I Learned to Love the New World Order". He also published a booklet of his three speeches to the Senate called, "On the Threshold of the New World Order".

Find out why Biden wants more treaties that would give the United Nations more power over the U.S. Treaties such as Agenda 2030, Great Reset, NATO, and an expanded Security Council.
