

What part of your life is God not in charge of? The answer to that question explains why churches and synagogues are either winning or losing the culture war in this country.

In 2018, the Pew Research Group published a study that polled Americans' views on abortion, by religious group. The majority of whom the survey classified Catholic, Orthodox Christian, Presbyterian Church in America, Muslim, Anglican Church, National Baptist Convention, United Methodist Church, African Methodist Episcopal Church, Evangelical Lutheran Church in America, Presbyterian Church USA, Hindu, United Church of Christ, Episcopal Church, Buddhist, Jewish, and Unitarian Universalist publicly declared that abortion should be legal in all or most cases.

And abortion is just one of many issues indicating that America is clearly moving away from its traditional foundations and losing the culture war. We'll tackle this subject in this episode of Activate America, getting active to throw off government tyranny.
