

Are You Honoring Your Oath?

For this week's Activate America, Art talks about the importance of swearing an oath to the Constitution. For those who have served in the military or in public service, taking an oath to the Constitution is a requirement. Some may think that this oath only applies while they serve. That's false. Once you take the oath, there is no time limit.

Defending the Constitution is a verb. It's an action, not simply a ceremony saying that you are a loyal citizen. It implies you will actually engage in the defense of our Constitution. We kindly ask, please watch and share this video with others because defending the Constitution is the only way to save our country.
