

# The John Birch Society

Author: [CSpoehr](#)

Date: July 10, 2020

The full-throated effort to discredit hydroxychloroquine is at a fever pitch. Federal agencies claim that it doesn't work and is dangerous, but studies demonstrate the opposite effect and the drug is being credited for saving countless lives as part of a drug cocktail treatment.

We'll dive into what looks like political theater in this episode of Activate America, fighting against unconstitutional government lockdown.

## Action Items

1. [Distribute physical copies of the War on Hydroxychloroquine and the Freedom Index from The New American:](#)  
<https://www.jbs.org/store/shoptna/tna-back-issues/tna-2020-back-issues/the-new-american-july-20-2020-2>  
2.) [Contact your local JBS Coordinator](#)
2. [Apply for membership in The John Birch Society today](#)
