

Are you ready for mandatory vaccinations? Last week, the University of Tennessee announced that all on-campus students, staff, and faculty will need to have flu shots, including for COVID-19 when a vaccine becomes available, in order to attend in-person classes this fall.

We'll gauge the impact this will have on the rest of the country and suggest ways you can help in this episode of Activate America.

Action Items

1. [Distribute physical copies of the Forced Vaccines and Digital IDs reprint from The New American](#)
2. [Tell your state legislature , Congress, and President Trump to stop any COVID-19 mandatory vaccine laws.](#)
