The John Birch Society

Author: <u>Kevin Summers</u> Date: April 5, 2021

Create Semblance of Revolution | Fake Collapse of Communism

Christian Gomez interviews anticommunist researcher and activist "Jimmy from Brooklyn," who exposes how the supposed "Sino-Soviet Split" during the Cold War, combined with the Communist Party's organized All-People's Front/ United Front, and their exploitation of race are all interlocking parts of a well-coordinated, long-range, and ongoing strategy for world revolution and the eventual triumph of Marxism-Leninism.
