

## The Truth in Time | Robert Welch

In 1966, JBS founder Robert Welch gave a speech titled The Truth in Time. In it, Mr. Welch provides a brief history of the 250-year Illuminati/Communist/Insider/Deep State initiative to create a New World Order, and he shows how Communism is merely a tool of a much larger Conspiracy. Welch coins the term “Insiders” — now known as the Deep State — and outlines their relationship to international Communism. This speech illustrates how far-sighted Robert Welch was about the future of the U.S. What is happening right now in the U.S. and around the world is still happening in accordance with the planning, organization, and leadership of the great Conspiracy as summarized by Mr. Welch. His recommended solution — exposure of the Conspiracy — is still what is needed today.
