Convention of States dishonestly showcased a video to make it sound as if the late Justice Antonin Scalia fully supported the COS viewpoint, while we know from a 2014 interview that he has stated: "I certainly would not want a Constitutional Convention. I mean whoa. Who knows what would come out of that?"

With COS and their friends constantly deceiving Americans, it becomes more apparent that the best way to rein in our out-of-control government is through Article VI, not V.
