Blueprint for Liberty: 13-part Constitutionalist Lecture Series

Joe Wolverton II, J.D., discusses *Blueprint for Liberty*, The John Birch Society's brand-new, 13-part lecture series about the Constitution, covering the dangers of democracy, enumerated powers, excuses for unlimited power, restoring limited power, constitutional money, tariffs and trade, war powers, state militias, the (Marxist and globalist) enemies of the Constitution, the need to organize, and an introduction of/invitation to join The John Birch Society. The videos are jam-packed with facts many may not know about how form of government and why the Founders conceived it the way they did. Wolverton encourages patriots to watch, share, and utilize this series to educate others.
