The John Birch Society

Author: CSpoehr

Date: November 24, 2008

Bailout, after bailout, after bailout. When will it all stop? What are the solutions? What can you do?

John McManus, author of Financial Terrorism: Hijacking America Under the Threat of Bankruptcy, clearly explains money, inflation, free market economics, and sound currency during his Dollars and \$ense presentation.

Copies of the DVD are available for purchase:
