Nullification: The Rightful Remedy

In this lecture presentation, constitutional scholar and educator Robert Brown discusses the constitutional concept of nullification; including: what it is and isn't, the origins of it, what the Founders said about it, and how the states can use it today to rein in big government and stop unconstitutional federal actions.

This lecture is an excellent educational resource intended for both citizens and their elected officials, especially state legislators. Watch and share it with others.

Visit jbs.org/nullify for more information and resources about nullification.
