Date: January 4, 2016

"What's Happening to Our Police" exposes the agenda that is moving police from local to national control, all in the name of security. Seven steps highlight how it is being done and how the federal government never lets a crisis go to waste.

This is our second short educational video in our Support Your Local Police and Keep Them Independent project. Both videos are available on one DVD at ShopJBS.org:

<https://www.jbs.org/store/shopjbs/action-projects/support-your-local-police/duo-video-local-vs-national-police-what-s-happening-to-our-police>

Learn more by watching both videos and purchasing in bulk the duo-DVD to distribute to other concerned Americans. More information and tools at our action page:
