JBS CEO Art Thompson's weekly news video update for Dec. 8 - 14, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how duplicitous the Obama administration has been regarding its trade policy; how its proposed trade agreements would destroy the United States; how we've been led to believe that the Trans-Pacific Partnership (TPP) is the American plan (think good plan) and the Free Trade Area of the Asia-Pacific (FTAAP) is the Chinese plan (think bad plan), when actually the Obama administration has posted on whitehouse.gov a 2010 statement of the APEC leaders, which includes the U.S., strongly endorsing the FTAAP plan; and therefore, the TPP (the so-called American plan) is only a salami slice transition step on the way to an FTAAP regional government (the so-called Chinese plan, but also backed by the American government) as part of the New World Order.
