JBS CEO Art Thompson's weekly news video update for Oct. 13 - 19, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how it is difficult today to obey the Constitution without going to jail; how a new law such as ObamaCare might be a thousand pages long, but the regulations that implement such a law are usually many tens of thousands of pages long; how our rights as Americans are from God; how the new Canada-European Union Comprehensive Economic and Trade Agreement (CETA) is being implemented in a way that subordinates both parties to the UN's Universal Declaration of Human Rights; how nowhere in this 1948 UN Declaration appears the fact that our rights come from a Creator as is clearly stated in the U.S. Declaration of Independence; and how the UN's Universal Declaration of Human Rights lists many rights, but Article 29 says "These rights and freedoms may in no case be exercised contrary to the principles and purposes of the United Nations."
