JBS CEO Art Thompson's weekly news video update for November 18 - 24, 2013.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how Chile is expected to elect a communist president; how there is a lack of border enforcement; how you shouldn't believe statistics showing less illegal immigration across our southern border; how we don't need a Republican reform of ObamaCare, but rather immediate repeal; how the chaos that is happening with ObamaCare was planned to bring about more government control of healthcare; how there's a new Wall Street Journal article about what Castro knew about Lee Harvey Oswald; how there's a new attempt to blame The John Birch Society for JFK's assassination; how there's a new attempt to make JFK into a conservative; and how Russia wants to put GPS monitors in the U.S. for better targeting of its weapons.
