JBS CEO Art Thompson's weekly news video update for Jan. 18 - 24, 2016.

In this week's Analysis Behind the News video, JBS CEO Art Thompson discusses how the Chinese Communist Party-led government is transferring its online and computer hacking activities away from the People's Liberation Army (PLA) to China's equivalent of the CIA, the Ministry of State Security (MSS). Thompson further warns about the dangers of trading with other communist governments in the Asia region such as Vietnam and Russia. He also raises questions as to why actor Sean Penn has not been indicted for meeting with convicted Mexican drug cartel leader El Chapo.
