JBS CEO Art Thompson's weekly news video update for November 25 - December 1, 2013.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how Latin America is going communist in such countries as Chile, Honduras, Brazil, etc.; how The New American has posted online an article entitled "'Moderate' President of Brazil Rallies Communist Party Allies," which links to a video showing Brazilian President Rousseff speaking to a roaring crowd at a national convention of Brazil's Communist Party and celebrating the deep bonds between her party and the Communists; how Brazil is part of BRICS (Brazil, Russia, India, China, and South Africa); how the United States is being surrounded by pro-communist nations; how the 'bungling' associated with ObamaCare was planned to lead Americans to demand that government make it work; how transitioning to alternative energy sources is making our nation incapable of defending itself from foreign enemies.
