JBS CEO Art Thompson's weekly news video update for June 3 - 9, 2013.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses evidence that President Roosevelt goaded Japan into attacking Pearl Harbor on December 7, 1941; how China has signed a free trade agreement with Switzerland; how on the one hand the U.S. is restricting Iran's oil sales while on the other hand we are providing a secure environment for Iraq to sell oil to China; how United Airlines is making China Daily, an official publication of the communist Chinese government; how one of China's largest trading partner's, Germany, is currently led by "ex-Communist" Angela Merkel; and how the EU is blocking the UK's policy of denying welfare benefits for non-citizen immigrants.
