JBS CEO Art Thompson's weekly news video update for January 27 - February 02, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses several threats to the United States Constitution, primarily those from sovereignty-destroying free trade agreements and the growing calls for an Article V constitutional convention; how multilateral free trade agreements and partnerships, such as the North American Free Trade Agreement and the upcoming Trans-Pacific Partnership (TPP) and Transatlantic Trade and Investment Partnership (TTIP), all violate the U.S. Constitution; how with the growing calls for a constitutional convention, the danger of Americans losing their God-given rights has never been higher; and how everyone is encouraged to read Art's new book, "International Merger by Foreign Entanglements" (available from <http://www.ShopJBS.org> after February 1).
