JBS CEO Art Thompson's weekly news video update for Oct. 27 - Nov. 2, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson comments on the Ebola threat in the U.S., then discusses how a "former" communist terrorist has won reelection in Brazil over a "conservative" challenger, who was actually a leader of a socialist party in Brazil; how Sunday's Ukraine elections moved Ukraine further toward the European Union and away from Russia; how Ukraine's prime minister founded the Open Ukraine Foundation, which was set up in partnership with NATO, the U.S. State Department, and Chatham House (the Royal Institute of International Affairs, the UK counterpart of the Council on Foreign Relations), showing that the Ukraine prime minister is in bed with the New World Order guys; and how George Soros is urging Europe to wake up and "save" Ukraine from Russia, setting the stage for massive aid to bring Ukraine into the EU.
