JBS CEO Art Thompson's weekly news video update for June 1 - 7, 2015.

In this week's Analysis Behind the News video, JBS CEO Art Thompson discusses how various speakers of the House have not been what they appeared to be; how the current Speaker of the House, John Boehner, belongs to the Transatlantic Policy Network, an organization dedicated to merging the U.S. and the EU; how a high level defector from Russia, Anatoliy Golitsyn, revealed in his book "New Lies for Old" (1984) that the KGB had laid extensive plans for the "fall of communism" deception that they implemented in the late 1980s; how the U.S. has helped bring "ex-communists" to power in "formerly communist" countries; how the U.S. helped train and arm ISIS; and how there's a new federal initiative to have local police become part of a national terror watch that would help federalize the local police forces.
