JBS CEO Art Thompson's weekly news video update for July 14 - 20, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how the recent surge of immigration across our southern border has been planned to change American society; how The Communist Manifesto talks about changing society in order to effect a revolution in a government; how immigration has long been understood to be a catalyst that is capable of bringing about such a change; how most people don't realize how immigration can bring about this revolutionary change; how it has been a long-standing Democratic and Republican goal to have unimpeded migration throughout North America and ultimately throughout the Americas; and how this change in American society would enable revolutionary changes in our system of government.
