IS AMERICA'S *SOVEREIGNTY* NEXT?

Are you paying attention to what is happening with NAFTA, TPP, or Trump's tariffs being hauled in front of the World Trade Organization? You should be as this has the possibility of creating layers of global government above America's own sovereignty.

We take a look at how these agreements progress into the building of global government in this episode of Analysis Behind the News.

Action Item #1: Tell Congress and President Trump know they need to get out of NAFTA, TPP, TTIP, and any and all of these proposed alphabet soup agreements: <https://www.votervoices.net/JBS/campaigns/58679/respond>

Action Item #2: Watch The Real Face of the European Union and pass out copies to build support to oppose trade partnerships: <https://www.jbs.org/store/shopjbs/the-real-face-of-the-eu-mailer>

Action Item #3: Join The John Birch Society's concerted action program: <https://www.jbs.org/join>.
