JBS CEO Art Thompson's weekly news video update for August 11 - 17, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how the Kurds have received aid from the U.S.S.R, Russia, China, and the United States over the years; how the Kurdish Workers Party is considered a terrorist organization by many nations; how the JBS has been warning for years that communism is not dead in the former U.S.S.R.; how now our establishment elites are using fear of Russia as motivation for Americans and Europeans to support the merger of the U.S. and the EU beginning with the Transatlantic Trade and Investment Partnership (TTIP); and how we can't preserve our Constitution if we lose our national independence through such "free trade" pacts as the TTIP.
