JBS CEO Art Thompson's weekly news video update for May 6 - 12, 2013.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how the U.S. has lost two large aircraft in the war in Afghanistan during the past week; how the Russian military is increasingly using its Bear bomber to test American and Swedish defenses; how President Obama is spending millions of dollars traveling around the nation talking about the economy; and how members of the Council on Foreign Relations, working for the New York Times and other media outlets, have been working toward a New World Order since early in the 20th Century.
