JBS CEO Art Thompson's weekly news video update for June 2 - 8, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how Secretary of State John Kerry recently called Edward Snowden a traitor; how Kerry himself can be considered a traitor; how the Soviet Union is being put back together as a Eurasian "economic union"; how Russia and China are discussing forming a common economic zone; how all of these mergers are leading up to a New World Order; and how we're beginning to see the use of the term "economic zone" instead of talking in terms of national sovereignty.
