Trump's steel and aluminum tariffs are already bringing back American jobs, but globalists are vowing revenge. We discuss how Congress brought this on themselves, as well as how they lost the trade war years ago in this episode of Analysis Behind the News.

Action Item 1: Let Trump know he got this one right. Contact information is on our Stop NAFTA page at [JBS.org/NAFTA](https://www.jbs.org/NAFTA).

Action Item #2: Let Trump and Congress know to get out of NAFTA, instead of renegotiating. You'll find a pre-written email message at [JBS.org/NAFTA](https://www.jbs.org/NAFTA), too. So email it to them, but follow-up with a phone call, too!

Action Item 3: If you're not yet a member, join The John Birch Society to be part of a national concerted effort that has been protecting American liberties and independence for 60 years!
