JBS CEO Art Thompson's weekly news video update for Sept. 29 - Oct. 5, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how war in the Middle East is being used to change society, to bring about new free trade agreements, to bring in increased numbers of "refugees," to program us to fight Russia, and to increase our involvement in international organizations (such as NATO); how terrorism is used to "react" people into certain actions; how John Brown was America's first terrorist; and how you can learn what terrorism is all about from the JBS booklet, "Exposing Terrorism: Inside the Terror Triangle," or from a DVD by the same name.
