Date: July 21, 2014

JBS CEO Art Thompson's weekly news video update for July 21 - 27, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how Marx and Engels advocated for the overthrow of all existing social conditions; how a government is based on the society that puts it together; how many conservative activists don't want to talk about the "social issues"; how the Founders reflected a moral and religious society; how many things are now constitutional that were not formerly constitutional because society has been changing in its level of morality and this has led to changes in the interpretation of the Constitution; how if you don't get involved in preserving the Judeo-Christian basis of our law system and Constitution, then you are destroying society and the Constitution; and how the National Monument to the Forefathers in Plymouth, Massachusetts, features four principles undergirding our government - Morality, Law, Education, and Liberty.
