JBS CEO Art Thompson's weekly news video update for May 13 - 19, 2013.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses: his "Photo Manipulation" video from 11-12 months ago; the lack of actual news reporting by major media outlets; how an article, "The United States of Europe," which we published in 1989 regarding how Europe's nations would lose their sovereignty to a new supranational entity, the European Union, has come true; how the IRS is scrutinizing conservative groups; and how the United States is joining forces with Russia to stop terrorism by sharing missile defense information.
