JBS CEO Art Thompson's weekly news video update for July 13 - 19, 2015.

In this week's Analysis Behind the News video, JBS CEO Art Thompson discusses how the Confederate battle flag issue should be understood in the context of how a conspiracy brought about the Civil War, duping both Northerners and Southerners in the process; how the recent Confederate battle flag banning furor serves as an example of the systematic purging of our history by this same conspiracy; how the eradication of the Confederate battle flag follows in the footsteps of how the Ten Commandments are being eradicated; how it is time that more Americans must get involved in doing something about saving what's left of our country, about saving our freedom of speech, our freedom of religion, and the rest of the Bill of Rights; and how you need to do something about it, not just talk about it.
