JBS CEO Art Thompson's weekly news video update for August 25 - 31, 2014.

In this week's analysis behind the news video, JBS CEO Art Thompson discusses how the United States is now backing a communist Kurdish terrorist group in Iraq; how neocon Dick Cheney is warning us about how we'll probably have a major terrorist problem within the United States when it was neocons in government, such as Cheney, and their policies regarding the Middle East, that have brought about this problem in the first place; how Russia has been arming and training Middle East terrorist organizations for decades; how Russia is ramping up its propaganda in Europe via its RT Internet news outlet; and how NATO is being developed into a world police force.
