Will the Russia-Ukraine Conflict Ignite World War III?

As Biden and the mainstream media beat the war drums over the situation in Ukraine, we examine what is fueling the present crisis, how globalists hope to exploit it, and what the U.S. should and should not do.

Action Items:

- 1.) Share this video with others
- 2.) For more information about the situation in Ukraine, we recommend that you get a copy of the February 14, 2022 issue of The New American magazine and read the cover story article "Russia vs. Ukraine: Is It Our Fight?" Look for this on ShopTNA or ShopJBS.
- 3.) Contact your state's legislators using our [Action Projects page](#)
